- 598 — Gold and Silver Catalogue. Low's ed., 1893. Companion to the above. Out of print. I

When issuing the above editions, the Scott Stamp & Coin Co. announced as follows: "We challenge the whole world on these Catalogues in point of number of pages, illustrations, completeness and accuracy. They excel all our previous

issues, and are positively without a compeer in any land or language. No such detail of compilation was ever before attempted. They are text-books for the beginner, as well as valuable works of reference for the most advanced student in the science of numismatics." A lapse of ten years has developed nothing to change or modify the foregoing statement. These two Catalogues, now so much sought, are competed for by advanced European and American collectors, and prices have ranged as high as \$6.50.

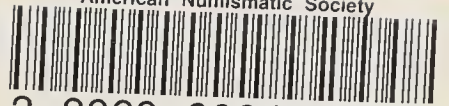

280 599 Philippine Islands. Under the U. S., 1903 Half and One Centavo, copper; 5 do., nickel; 10, 20 and 50 do., and 1 Peso in silver. Proofs. 1

The special instalment of these sets for collectors and others has been sold, and it is not improbable that a steady advance in price will follow.
